

Healthwatch Liverpool

Healthwatch gives you information about the care choices you have. This includes family doctors, dentists, pharmacists and opticians. We want you to have access to the best quality local care, and for all your care to be joined up. Knowing what is available is the first vital part of this.

Healthwatch can:

- Offer advice and support to patients, their families and carers
- Provide information on NHS services
- Receive and respond to queries, comments, compliments and suggestions about services
- Help you to register with a doctor
- Provide details of NHS dentists.

For information or help to find the services that are right for you, call us on **0300 77 77 007** (Calls charged at local rate. People can be called back to minimise the cost)

or e-mail enquiries@healthwatchliverpool.co.uk
